Here is the detailed information regarding the **Bannanje Shri Shani Kshetra** in Udupi, structured under the requested headings:

Location

The temple is located at **Bannanje** (next to the Mahalingeshwara Kalyana Mantapa) in the Udupi district of Coastal Karnataka, India. It is situated in close proximity to the heart of Udupi city.

How to Get There

- **By Road:** The temple is extremely accessible, situated just about **1 km away from the Udupi City Bus Stand**. Local auto-rickshaws, city buses, and private taxis easily ply to Bannanje.
- **By Rail:** The nearest railway station is the **Udupi Railway Station (Kankanady/Indrali)**, which is roughly 4 to 5 km away from the temple.
- **By Air:** The nearest airport is **Mangaluru International Airport (IXE)**, located about 55 km south of Udupi. From the airport, one can take a direct taxi or a KSRTC bus to Udupi.

Speciality of this Temple

The primary and most awe-inspiring feature of Bannanje Shri Shani Kshetra is its magnificent **23-foot-tall monolithic idol of Lord Shani (Shani Mahatma)**. Carved out of a single black stone, it is widely recognized as one of the tallest monolithic statues of Lord Shani in South India, attracting thousands of devotees seeking relief from astrological afflictions.

History and Legends

Unlike the ancient structural temples of coastal Karnataka, this Kshetra is a relatively modern architectural marvel built to establish a powerful dedicate centre for Navagraha worship—specifically for Lord Shani.

The temple is run under the auspices of the **Bannanje Mutt** under the divine spiritual guidance of **His Holiness Sri Sri Raghavendra Thirtha Swamiji**. Swamiji completed his sacred textual studies (*patha*) under the revered saint Paramapoojya Sri Sri Vidyamanya Teertharu (of Palimaru-Bhandarakeri Mutt) and received Sanyasa from the legendary Paramapoojya Sri Sri Vishvesha Teertha Swamiji of Pejawara Mutt. The temple stands as a testament to modern traditional revival and intense community faith (*Grahacharaparihara*).

Architecture

The temple complex blends traditional coastal Karnataka style with grand modern structure. The architectural focal point is the open or elevated display format that ensures the massive 23-foot monolith is visible to all arriving devotees. The single-stone carving cleanly defines the traditional attributes of Shani Deva, standing robustly on a multi-step pedestal surrounded by a serene, high-vibrational courtyard design.

Main Deity and Subdeities

- **Main Presiding Deity:** Lord Shani Deva (the personification of the planet Saturn, the lord of Karma, justice, and retribution).
- **Associated/Subdeities:** The temple complex is also traditionally linked or in close association with **Sri Abhagadhaara Veerabhadra Swami Saaparivaara**, offering a combined protective shield against malefic energies. Nearby structural wings also pay homage to Navagraha configurations and regional deities.

Daily Rituals, Poojas, and Charges

- **Timings:** The temple is generally open daily from **7:00 AM to 12:30 PM** and **5:00 PM to 8:30 PM** (Sunday morning closing may slightly vary around 12:00 PM).
- **Daily Poojas:** Regular morning and evening *Arati*, *Archana*, and flower offerings are conducted by the matha priests.
- **Charges:** Standard *Archana* and basic flower offerings are nominally priced (ranging from ₹10 to ₹50). Due to administrative updates, exact tariff charts for personalized sankalpas are dynamically managed at the temple's inner counter.

Special Poojas and Charges

- **Tailabhisheka (Oil Abhisheka):** This is the most crucial and widely sought-after offering at this Kshetra. Devotees pour sesame/mustard oil over a designated representation or offer it to mitigate the effects of *Shani Dosha*, *Sade Sati* (7.5 years Saturn cycle), or *Ashtama Shani*.
- **Navagraha Shanti / Shani Shanti Homa:** Performed extensively on specific Saturdays to appease the planetary deities.

- **Ellu Bathi Lamp Lighting:** Lighting small bundles of black sesame seeds tied in cloth and dipped in sesame oil.
- *Note on Charges:* Special rituals can range from ₹100 for basic oil services to higher amounts for detailed Homas. Devotees are advised to book directly at the matha booking counter upon arrival.

Festivals Celebrated

- **Shani Jayanti:** Celebrated with grand pomp, continuous oil abhishekams, and special public feasts.
- **Shravana Saturdays:** The holy month of Shravana sees massive influxes of pilgrims, with the temple keeping extended hours and organizing special decorative *Alankaras*.
- **Navaratri & Hanuman Jayanti:** Since Lord Hanuman is closely linked with shielding devotees from Shani's wrath, special prayers are offered during Hanuman-centric festivals.

Facilities Available for Devotees

- **Annadan (Free Meals):** The temple serves *Annaprasadam* (holy lunch) to visiting devotees in the adjacent dining pavilion (*Annadaanam Shibir*).
- **Accommodation:** The temple itself does not operate major lodging houses due to its closeness to Udupi city center. However, countless options are available just a kilometer away.

Do's and Don'ts

- **Do's:** Dress in simple, conservative traditional Indian attire (dhoti/shalwar-kameez). Participate silently in the oil-lighting lines. It is considered highly auspicious to voluntarily donate to the poor or feed crows outside the temple on Saturdays.
- **Don'ts:** Avoid wearing overly revealing or formal western clothing. Standard temple etiquette applies: photography inside the inner sanctum is restricted, and footwear must be left at the designated outside counter.

The number 23 holds spiritual significance here. It is a popular site for relief from graha dosha (planetary afflictions, especially Shani-related problems), removal of obstacles, and fulfilling wishes. The temple complex is managed under Bannanje Mutt.

History and Legends

The temple was established by His Holiness Sri Sri Bannanje Sri Raghavendra Teertha Swamiji of Bannanje Mutt. To commemorate his massive spiritual endeavor of lighting Koti Tila Deepam (over one crore lamps) for Lord Shani across the country for the welfare of the nation and world, he installed this grand monolithic idol.

The stone came from Kadapa, Andhra Pradesh. 23 sculptors worked for 23 months to carve the 23-foot statue. The area has older associations, but the prominent Shani shrine is modern in its current grand form.

23 ft. tall Bannanje Shani Maharaj

SPECIALITY OF THIS TEMPLE

Sri Shani Kshetra hosts the **world's largest monolith statue of Lord Shani, standing 23 feet tall. (RVA Temples)**

The statue is placed on a two-step pedestal so that it is visible to everyone.

The tailabhisheka (ritual bathing with oil) is the major offering to the Lord here. Devotees come here to seek God's blessings to help them overcome challenges and win over obstacles. (ServDharm)

This is one of the most significant Shani temples in all of India, drawing devotees especially on Saturdays and during Shani Jayanti.

📜 HISTORY & LEGENDS

Sri Shani Kshetra was created and maintained under the blessings and guidance of His Holiness Sri Sri 108 Bannanje Sri Raghavendra Teertha Swamiji, who is the Founder of the Temple. (Blogger)

The temple is run under the auspices of the Bannanje Mutt.

Sri Sri Raghavendra Thirtha Swamiji completed his patha (studies) from Paramapoojya Sri Sri Vidyamanya Teertharu of Palimaru-Bhandarakeri Mutt and attained Sanyasa from Paramapoojya Sri Sri Vishvesha Teertha Swamiji of Pejawara Mutt. (RVA Temples)

Legend of Lord Shani:

Lord Shani is associated with disciplined behaviour, hard work, and karma.

Hindu mythology refers to him as the son of the Sun God (Surya) and Chaya Devi — hence also called Raviputra or Chayaputra.

He is one of the Navagrahas (nine heavenly bodies) in Hindu astrology. (ServDharm)

Hindu scriptures visualize Lord Shani as a dark-complexioned deity with four arms bearing a bow, an arrow, a trident, and an axe, using a crow as his mount. (ServDharm)

The establishment of this kshetra in Udupi is particularly significant because Udupi Sri Krishna Temple is considered first among the seven places of pilgrimage, with thousands of devotees visiting year-round.

The unique feature of the Krishna Mutt is that the Lord is worshipped only through a window with nine holes called the Navagraha Kitiki — exquisitely carved and silver-plated. (Blogger)

Having a Shani kshetra in this sacred town thus ties together the Navagraha significance of the region.

🏛️ ARCHITECTURE

The temple houses a very tall monolith statue of Lord Shani placed on a two-step pedestal so that it is visible to all devotees. (ServDharm)

The idol is carved from a single black stone, reflecting the traditional iconography of the deity.

The temple complex follows a South Indian temple architectural style with a sanctum sanctorum (garbhagriha) and open mandapa (hall).

The towering statue is the centrepiece and is the defining visual landmark of the entire complex.

The temple is maintained under the Bannanje Mutt, giving it a well-organized monastic setting.

🙏 MAIN DEITY & SUB-DEITIES

Main Deity: Lord Shani (Shanishwara / Sanaischara) — the planet Saturn personified, one of the Navagrahas.
